Intraday Commentary From Jim Bianco

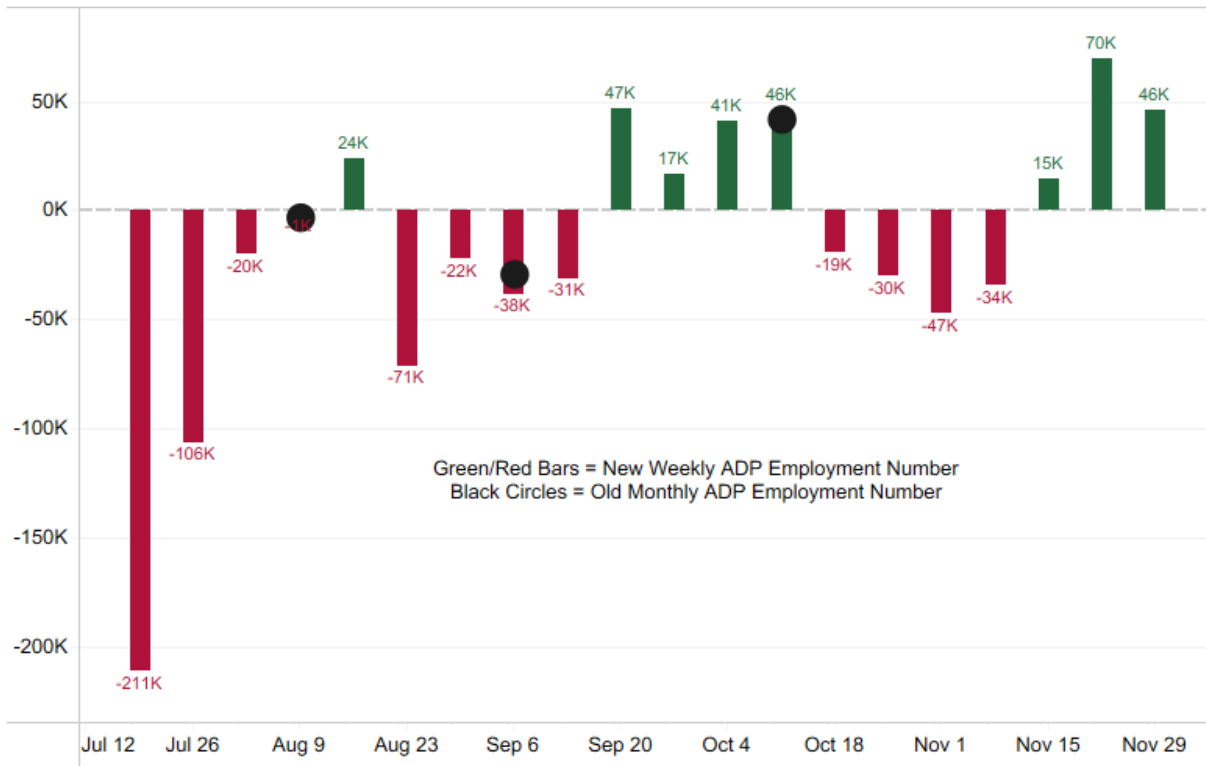

* ADP: US PRIVATE PAYROLLS ROSE AVG 11,500/WK IN 4 WKS TO DEC. 6

The bars represent the weekly ADP measure (since it is published as a four-week AVERAGE, the chart shows it as a four-week SUM to align with the convention for monthly readings). The black dot indicates the monthly report (the monthly SUM for the week of the 13th, the payroll survey week). The four-week SUM aligns closely with the monthly readings.

Next week is the week of the 13th, which is when the monthly measure is released. The last few weekly readings are among the strongest since ADP started publishing this measure this past summer.

Comparing ADP Weekly & Monthly Data

Monthly Number Shifted to Its Reference Week
